The First Iranian Biotechnology Exhibition 2010
"Iran Biotech 2010"
Tehran, Islamic Republic of Iran
February 16-18, 2010

Preface

The Biotechnology Development Council of the Islamic Republic of Iran will hold the first Iranian Biotechnology Exhibition 2010 "Iran Biotech 2010". Iran Biotech 2010 will offer the exhibitors and visitor resources an ideal opportunity to have personal business contacts with professional visitors from the whole industry: chain customers, researchers, producers and distributors. Iran Biotech 2010 is a regional biennial science and technology event in the Islamic Republic of Iran, the only one of its kind in Iran which creates new frontiers for national and regional challenges and opening up new opportunities.

Objectives of the Exhibition

Iran Biotech 2010 mainly aims at:

- Introducing biotechnology products of Iran and regional countries
- Presenting the national technical and productive capabilities and latest biotechnology products of Iran
- Inspiring the researchers, innovators and industries in biotech area of the country
- Helping to create effective relationship and cooperation among the various scientific, industrial and commercial sectors in biotechnology
- Absorbing contribution of local and regional investment
- Creating opportunities for transfer and absorption of technology and know-how to and from regional and local companies

Advantages of Participation in the Exhibition

The exhibitors nominated by the IOR-ARC Member States will enjoy the following merits free of charge:

- Presentation of products/ technologies/ services/ products samples/ information and advertising materials on a standard equipped booth,
- Assisting the exhibitors to build brand awareness and increase their market position,
- Placing information of the exhibitors and their companies logos in the exhibition catalogue,
- Supporting the exhibitors by establishing business connections, organizing their meetings and negotiations sessions,
- Inserting the information about the exhibitors and companies in the exhibition's website for one year;

Implementing and Sponsoring Agencies

-Iran Biotechnology Development Council (IBDC)

-IOR-ARC Regional Centre for Science & Technology Transfer (RCSTT)

-Iranian University of Industries and Mines (IUIM)

The Visitors' Profile

Iran Biotech 2010 will try to attract a diverse range of participants to ensure maximum interest and participation from the following categories:

- Biotechnology professionals (national and regional)
- Practitioners, academics and scientists (national and regional)
- Officials, policy and decision makers (national and regional)
- Private sector (national and regional)
- General public

The Exhibitors' Profile

The exhibitors from both national and regional sections will be selected from among the following categories:

- The advanced biotech industrial companies
- Biotechnology departments and faculties of the universities
- S&T Institutes
- High-Tech Centers
- Technology Parks
- Business Incubators

It is worth mentioning that the national section of the Exhibition is expected to be attended by more than 150 Iranian companies and R&D institutes from the above categories.

The Exhibition Space

The exhibitors nominated by the IOR-ARC Member States will be provided with the pavilion spaces at least 6 sqm free of charge. The booth is equipped by standard set of equipments and services including inscription on the frieze, one plug point, spotlights, one table and two chairs for every 6 sqm.

Terms and Conditions of Participation

The IOR-ARC Regional Centre for Science and Technology Transfer (RCSTT) as one of the regional supporters of the Exhibition is highly pleased to announce that this Centre will invite one exhibitor from each IOR-ARC Member States to participate in the First Iranian Biotechnology Exhibition 2010, "Iran Biotech 2010", which will be organized by the Iran Biotechnology Initiative Council (IBIC) in Tehran, Islamic Republic of Iran in February 16-18, 2010.

It is worth mentioning that IBIC will cover the travel expenses and accommodation, along with the expenses related to the necessary space and equipments for the exhibition duration for all the nominees from IOR-ARC Member States (only one exhibitor from every country).

Date and Venue

Iran Biotech 2010 will occur in Mosalla Exhibition Hall, Tehran, Islamic Republic of Iran in February 16-18, 2010.

Deadline for Registration

February 1, 2010

The nominated exhibitors by the IOR-ARC Member States should send their filled-out registration forms not later than *February 1, 2010* to the following address:
